## **DETAILED ACTION**

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: The prior art shows a hinge comprising first and second sheets, a rotating ring, a positioning ring, and elastic ring, a washer, and a pintle (Kato). The prior art also shows a sheet having two lugs (Lu). However, the prior art fails to show all the above elements as claimed in combination with the second sheet having four slots radially and evenly distributed about an outer circumference of the third opening and in communication with the opening and each of the wings of the first and second sheets having at least one hole defined therethrough. In Kato, there is no motivation to provide these holes in the wings, as the wings on Kato do not require the holes to be fastened to the surrounding member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael J. Kyle whose telephone number is 571-272-7057. The examiner can normally be reached on Monday - Friday, 8:30 am - 5:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Judy Swann can be reached on 571-272-7075. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
